HOW TO FILL OUT THE ENTRY FORM

- The FIRST thing you need to do is READ THE RULE BOOK!

The Rule Book of today is not the same book as last year. Suggestions from Youth, leaders, advisors, parents, and others have been taken into consideration to improve the show.

- Go to https://SSYLS.fairwire.com/ and follow the prompts! Look over the online entry form. This will allow you to know what information you need to fill out the form correctly.

- Now Make a profile with your name, mailing address, county, club/chapter, phone number, email, age, and correct birthday. Parents/Leaders can make a quick group for multiple family members or a group of exhibitors.

Your correct birthday is very important, many fill out this line very quickly and put in the current year instead of the birth year. Your age is how old you were on January 1st of this year.

- Open the Rule Book and find the Division you wish to enter. This will make it easier to enter online.

- Start with your Showmanship class.

This is the most forgotten class. If you start here, you won't be calling the office to add it to your entry form.

- Now your Market animal/s.

Do not forget to mark/enter if this animal is homegrown. If there is no indication of this, the animal will not be considered homegrown. When it is awarded Champion, it is too late to declare.

- Enter any Feeder animals.

- Now those Breeding animals.

LOOK at the division titles in the Rule Book. Turn the page and make sure you have the correct division. The first one might not be the correct one. If your breeding animals are not registered or eligible for registration, make sure you are not entered into that division. Usually, those divisions are listed first.

If you can enter the classes in the same order as they are listed in the book, the office staff gratefully thanks you, as this makes things much easier for them. It will also help you on show day. You should always keep a copy of your entry form. Now you will be able to quickly see what animal goes into the show ring next.

- Fill in ALL required stared lines.

If your animal is registered make sure you have those numbers filled in. If you do not have registered animal fill in N/A. (Registered animals have a certificate of registry from the breed association).

Look at the class list and see what you can enter. Enter ONCE. You do not need to enter each animal. Write the class name -Pair of Females, etc. You have already entered the information on these animals on their individual lines.

- Sheep and Goat exhibitors, you MUST fill in the Scrapie number. **NO EXCEPTIONS!** This includes your Market animal! There are two parts to a scrapie tag, the premise ID, and the individual ID, ENTER BOTH! All breeding goats MUST have Scrapie tags or appropriate tattoos or microchip to exhibit in breeding classes and comply with State & Federal Scrapie Regulations.

- **Add any additional fees:** Extra entrance bands, Overnight Dry Camping, etc.

- **ENTRY FEES** are required with the online entry form system.

- Don't forget to print/keep a copy for yourself.

Parents, this will make your life much easier. It will give you a place to write the placings of those animals, for your child to enter in their record book.
